leading role in "Robin Hood"
"I always fill my pipe with Tuxedo.
Tuxedo and I are firm friends."

JACK HENDERSON
of the "Pink Lady" Company
"Loud cheers for Tuxedo. My
favorite—always. I put new zest
into my singing after a pipeful of
Tuxedo. I find Tuxedo a real
voice help."

DONALD BRIAN
starring in "The Marriage Market"
"I have found that the use of
Tuxedo does not interfere with my
singing. On the contrary, I've never
indulged in a more satisfying, more
really beneficial smoke."

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is the one tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco cannot sting, bite or irritate the delicate membranes of the mouth or throat.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

FARMERS WARNED

By the Department of Agriculture
Against Work of Credit Company.

Washington.—The Department of agriculture is sending out warnings against fake rural credit schemes which, it is stated on the authority of the department, are being promoted in various parts of the United States to catch the unwary and needy farmer.

The plans, as outlined by the department, is for the credit company to contract to lend a farmer \$1,000, which he is to repay at the rate of \$10 a month with interest at three per cent. The payment of the installments begins as soon as the contract is signed, but there is nothing in the contract to fix the time when the loan shall be made. The farmer is put in the position of constantly paying out money with the hope of getting a loan when the company is ready to make it.

The department states that these companies are operating without capital and are making loans out of the installments collected from farmers. The ultimate collapse of such a plan is apparent. The scheme boiled down to is to accept the deposits of farmers without interest and lend them their own money on good security at three per cent, a year.

MARGARET COLLEGE IS OPENED FOR THE YEAR

Versailles, Ky.—Margaret College opened Wednesday morning. The rooms are all filled with boarding students, many of the former pupils have returned and many new ones enrolled. The Rt. Rev. Lewis W. Burton, of Lexington, conducted the opening exercises.

The Rev. James M. Maxon, president of the college, was congratulated on securing a splendid corps of teachers which includes Miss Forsythe as principal; Misses Sallie Cotton, Marietta Cassidy, Mattie Cary, Jeanette Thornton and Sarah Abbott, of Hopkinsville. Miss Anne W. Roberts, of Chase City, Va., will be the instructor in music and Miss Dell Eva Wasson will be the housekeeper.

COME ON FELLERS!

(Vanceburg Sun.)
Quite a number of Lewis County "dry" citizens will go to Maysville Monday and take part in the big dry demonstration. They vote on local option in Mason County next Monday and the general opinion is that the saloons will have to go.

MAY CUT EXPENSES.

Washington, Sept. 21.—Postmaster General Burleson has under consideration a project to cut Postoffice Department expenditures \$20,000,000 a year by performing the rural mail service by contract, as is now done on the so-called star routes.

LET US HAVE PEAS.

(Manchester Signal.)
R. H. Ellison has just harvested twenty-eight tons of cowpeas. The crop produced four tons to the acre.

The county treasurer of Lewis county sold to the Citizens Bank of Vanceburg, \$25,000 worth five per cent Lewis county road improvement bonds at par.

Miss Ella Cox has resigned as Postmaster at Concord and W. K. Parker has been appointed in her place.

SICK DOCTOR

Proper Food Put Him Right.
The food experience of a physician in his own case when worn and weak from sickness and when needing nourishment the worst way, is valuable:

"An attack of grip, so severe it came near making an end of me, left my stomach in such condition I could not retain any ordinary food. I knew of course that I must have food nourishment or I could never recover."
"I began to take four teaspoonfuls of Grape-Nuts and cream three times a day and for two weeks this was almost my only food. It tasted so delicious that I enjoyed it immensely and my stomach handled it perfectly from the first mouthful. It was so nourishing I was quickly built back to normal health and strength."

"Grape-Nuts is of great value as food to sustain life during serious attacks in which the stomach is so deranged it cannot digest and assimilate other foods."

"I am convinced that were Grape-Nuts more widely used by physicians, it would save many lives that are otherwise lost from lack of nourishment." Name given by Postum Co., Battle Creek, Mich.

The most perfect food in the world. Trial of Grape-Nuts and cream 10 days proves. "There's a Reason." Look in packages for the little book, "The Road to Wellville."

Ever read the above letters? A new one appears from time to time. They are genuine, true, and full of human interest.

BIG PARADE IN MAYSVILLE.

On Saturday, September 26, there will be a monster parade of school children in Maysville in the interest of the temperance cause in the election to take place on the following Monday in Mason county. All school children in the counties of Bracken, Fleming, Lewis, Mason and Robertson, in Kentucky, and of Adams and Brown counties in Ohio, are invited to be present and take part in the parade.

PUBLIC SALE

If not sold privately previously, and considering the serious condition of my eyes, I will offer at Public Sale to the highest bidder on October 14th, 1914, at two o'clock, p. m., at the courthouse in Maysville, Ky., my farm, containing one hundred and fifty-two acres, two rods and twenty-six poles. It is situated on the Minerva and Dover turnpike, about one and a half miles from Fern Leaf. This farm has on it a residence of nine rooms and another house of five rooms, and the necessary outbuildings; also a splendid tobacco barn, eighty four feet long, a stripping house and large ice house. It is well fenced, with woven wire fence, and well watered. It is in grass but about fifteen acres, which is in corn. I have no hesitancy in stating that this is one of the best farms in that location of the county, all of the land is walnut, sugar tree and ash, grows a very fine quality of tobacco. There is also an abundance of locust timber and sufficient fruit. It is convenient to one of the best schools in the country, with four school wagons passing to convey the children to school, also several churches near, and is in a splendid neighborhood, which is very essential in seeking a location. The farm will be offered as a whole and in two tracts, as it can be divided and make two nice-size farms with a house on each. Possession given November 3rd, 1914, with the exception of the corn land, which will be when the corn is cribbed. Terms of sale, one-third of the purchase money November 3rd, 1914, and the other two-thirds in one and two years, with a lien retained on the land and six per cent interest per annum on deferred payments. If the purchaser prefers they can pay all cash. The right is reserved to reject any and all bids if not satisfactory.

Any one wishing to buy will please call at my rooms at the residence of Mr. P. W. Wheeler, 221 West Second street, Maysville, Ky.

CORN STILL KING.

(Life.)

With sugar in the neighborhood of 1 cents a pound, the United States is fortunate in having a substitute made from our greatest staple—corn. Over 50,000,000 bushels of corn were used last year in producing over 800,000,000 pounds of sugar, syrup and starch. Corn sugar is not so sweet as cane sugar, but is equally nutritious, less disturbing to the digestive organs, and very much cheaper than cane or beet sugar. The paralysis of the sugar industry of Europe by the great war will produce a worldwide scarcity of sugar; but with our enormous yield of corn to fall back upon the United States can afford to export large quantities of cane sugar, and still have in corn sugar and corn syrup or glucose, as chemists call it, a reserve to help satisfy the native demand.

Bishop Maas is back home safe from European trip.

AN IDYL OF THE EMERALD ISLE.

A veritable "Peg o' My Heart," by name, Peg Williamson and her mother, a comely Irish peasant woman from Limerick, Ireland, have been selling their hand-made faces in our city, the past two days.

For five years their large family and connection, after the manner of their class, have put in all their spare time in this occupation. In five weeks they have disposed of it all. Landing in New York they were directed to Pittsburgh and Cincinnati as being good markets, removed as they were from New York, yet having such constant communication with Erin's isle that the value of their face would be appreciated. The price at which these rare patterns were sold would be cheap for machine woven articles, and only when we realize the poverty of Ireland, and the lack of market for them there, can we understand their prices.

Many discerning housekeepers were made happy by their bargains, and the exiles happy at the prospect of an immediate return to their home land.

The trip worked for, and planned for, so many days, months and years is at an end and they carry back what seems to them a golden harvest.

LITTLE CHILDREN PREFER TO BE DIRTY.

In the October Woman's Home Companion Mary Heaton Vorse, writing a story entitled "The Distressing Doubt," tells how Tom and Alice scarcely have an adventure in childhood in which they find the good child insufferable and the bad child adorable. On little children's preference for dirt Mrs. Vorse comments as follows:

"Early childhood knows no good or bad, nor does it know clean or dirty. Or if it knows, it infinitely prefers dirty. Sweet pink and white childhood loves squashing rose bugs, cleaning ash and paddling in mud; it delights in all things squashy and sticky."
